

2021-2022 Midland Park School District Assessment Information for Parents and General Public

New Jersey school districts, charter schools and renaissance school projects are required by statute (N.J.S.A. 18A: 7C-6.6) to annually notify parents or guardians by Oct. 1st of any statewide student assessment or commercially developed assessments that will be administered over the course of the school year.

Key:

- **Number of Testing Administrations in Districts** refers to the number of times a particular assessment will be offered during the school year.
- **Testing Mode** refers to how the student will be administered the assessment. The two modes are computer-based, & paper-and-pencil. Be sure to inquire about the options if your child has a medical issue that would necessitate them to take a paper-and-pencil assessment.
- **Testing Time** is the maximum amount of time allotted to students to complete the assessment.
- **Testing Window** is the period in which districts administer the statewide student assessment. It is not the actual number of days it takes a student to complete the assessment. School districts can choose the specific days within the window to administer the test.
- **Results Available** refers to date districts receive individualized student results from the assessment vendor.
- **Requirement** refers to whether the assessment is required (Req.) by state and/or federal (Fed.) government, or by the district.

Assessment Name	Subject Area(s)	Grade Level Tested	Number of Testing Administrations in District	Testing Mode	Testing Time Allotted per Student	Testing Window	Results Available	Req.	Available Accommodations and Accessibility Features	Information for Parents and Guardians Regarding the Assessment
