August 18, 2023

To Parent Teacher & Employee Organizations:

The Midland Park Board of Education has contracted with EnviroVision Consultants Inc. to act as their “Designated Person” as defined under the Asbestos Hazard Emergency Response Act (AHERA) of 1986. AHERA required that all educational facilities be inspected for asbestos – containing materials and develop a remedial plan of action on or before May 9, 1989. In addition, each educational facility shall reassess all identified asbestos – containing materials or materials assumed to be asbestos, at least once every six months (Periodic Surveillance) and re-inspect those facilities at least once every three years (Tri-annual re-inspection).

The Midland Park Board of Education is in compliance with these requirements. The most recent Tri-annual re-inspection was performed in October of 2021. “Periodic Surveillance” inspections are performed every April and October, unless a Tri-annual re-inspection is due. The most recent “Periodic Surveillance was performed in April 2023, with the next one scheduled for October, 2023.

Following each inspection, appropriate remedial actions are recommended to the Board of Education by an accredited Asbestos Management Planner. The remedial plan of actions and recommended schedules for implementation (Asbestos Management Plans) are available for review at the Midland Park Board of Education Administrative Office, as well as in each school office.

This past summer, asbestos abatement efforts were undertaken at the Midland Park High School. The project involved the non-friable removal of asbestos containing floor tile and mastic from one classroom and a “Wrap and Cut” removal procedure of intact pipe /insulation from behind a cabinet in another classroom. The projects were necessary as part of a renovation project and were performed in accordance with all applicable rules, regulations, and guidelines. The details of the abatement efforts can be viewed within the Asbestos Management Plans.

We will continue to keep you informed of our AHERA compliance.

Respectfully Yours,
Cathy DiNardo
EnviroVision Consultants Inc.
Designated Person on behalf
of the Midland Park Board of Education
